

# Future Planning (Template)

A UNITED STEP IN THE RIGHT DIRECTION.

While we'd love to do everything we dream, we recognize not all things are created equal; and that as leaders, we need to prioritize the WHAT's, HOW's and WHEN's in regards to implementing change.

This simple chart will help us craft our conversations, unify our ideas, and focus our efforts to increase our effectiveness.

**Maintenance** - the areas that have to get fixed, cleaned up and taken care of in order to maintain what we currently do with excellence.

**Ministry** - the areas we need to improve in order to effectively facilitate ministry within our new ministry initiatives and discipleship strategy.

**Mission** - the areas we'd like to address, change and/or dramatically revisit in order to increase excellence, streamline systems, and reach more people.

	MAINTENANCE	MINISTRY	MISSION
PRIORITY	0-6 MONTHS	0-12 MONTHS	0-24 MONTHS
